Mr. Mike Wiseman
24 Trauma
10 Church Street
S. Easton, MA 02375

Mr. Wiseman,

Recently, 24 Trauma provided the Weymouth Police Department with training on what has become a serious health and safety issue for first responders, in particular police officers. The identification and dealing with hazardous illegal narcotics. Prior to this training, our officers at best had minimal knowledge in this area. Not only did 24 Trauma provide training, they provided every one of our officers with personal protection equipment at no cost to this department.

I would like to specifically thank Lisa Sarcia, who as the point person not only provided the instructors but delivered to our department all the personal protection equipment. I must also acknowledge the very competent instructors that Lisa provided; Kerry Delano, Michael Holleran and Matthew Guttwel. I can tell you that in my 30 plus years as a police officer this was probably the first time where my officers all agreed the training was needed and it was excellent. The officers were attentive, focused and grateful for the training.

Mr. Wiseman, thank you for recognizing the need for this training but also at great expense to your company the time and equipment to keep members of the Weymouth Police Department safe.

Respectfully,

Captain John J. Concannon
Executive Officer
