RE: 324 Cushing St., Stoughton, MA
Invoice #02022022

Dear Kristen:

Enclosed is a check for the final payment on the work done to our home.

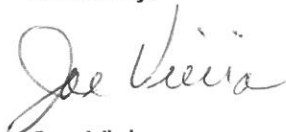

I just wanted to let you know how pleased we were with all the work that your team did at our home on Cushing St. Jeff Dias was amazing. What a blessing to find such an honest and competent young man who has strong work ethics. He was knowledgeable of every aspect of the job and was able to complete it according to plan. He was also prompt in answering any questions or concerns that we had regarding the project.

The plumber, electrician and Jeff's assistant were coordinated, hard working and did the work in a timely and professional manner. They were also courteous and polite. It's rare to find such a hard working group of young men that work so well together.

Kristen, these guys went above and beyond all of our expectations and will come highly recommended by us to anyone in need of construction work.

My wife wanted me to mention that she absolutely LOVES her new bathrooms. Thanks again.

Sincerely,

Joe Vieira
